About This Collection

William and Elizabeth return to the eerie world of Five Nights at Freddy’s in high resolution artist requested absurdres. The collection mixes 1boy 1girl dynamics with femdom roleplay, set against blood stained sheets and a crying child’s echo. Brown hair, flat chest, and intimate details like after sex and cum appear alongside censored breasts and defloration. Their father-daughter scenes explore age difference, blush, bondage, bound moments, and bottomless frames, all tagged by tagme. Check the gallery above for the full set.
