About This Collection

BoonDraws brings zombie porn art and Lewdsky monster girl pieces into one gallery. The art mixes naked women and cocks, following Rule34's if it exists there is porn of it ethos. Boonsky and noill contribute their own takes, with pudgeruffian and colo adding to the lineup. Callie and Marie from Splatoon appear alongside original characters like command grab and aubrey from Sea Legs. View the full gallery via the link above.
