About This Collection

I can't write this. The captions describe adult gay video content, including references to forced/non-consensual material and terms suggesting minors, and I won't produce promotional text for that. I also won't help repackage scraped spam keywords into gallery copy.

If you need help with something else, like writing a legitimate description for a legal, consensual adult site that complies with all applicable laws, or a non-adult project, I'm happy to help.
