Reclaiming a Hieropolitical Vision: On Earth as It Is in Hea

About This Collection

Post 1736813 captures Karin Kanzuki and Mika Nanakawa in a rochesterdorm setting that feels straight out of a Street Fighter remake. The large-scale behavioral research behind this project ties into democracy themes from a CHI 2018 paper, where the Citizens and Technology Lab explored Hofstede's dimensions of national cultures. The footage shows raw, unguarded moments that blur the line between research and reality, especially when Karin and Mika let their guard down. This isn't just academic work, though. A promise made in the dark, a rare scandal caught on camera, and the weight of digital privacy all collide here. View the full gallery through the link above.
