About This Collection

Lauriel takes the lead in this set, a League of Legends icon rendered in drawings filed under Рисунки, then adapted for Arena of Valor. There is cosplay with long dark hair and ornate headgear, a One Punch Man manga crossover, plus Yue Lauriel and Christmas edits from NOX AOV NEWS. Games, skins and character art fill the rest. Follow the build and combo from the pro guide credited to música by Allan Walker, with the Archangel AOV Lauriel look at the center. See the full gallery through the link above.
