About This Collection

We need to produce a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. No "not only X but Y". No em or en dashes. No emojis, no curly quotes, no markdown, no bold text. No "At its Core". Vary sentence length naturally, state things directly, keep every claim supported by provided captions. Write entire description in same language as title, regardless of captions language. No generic positive endings; end on a concrete fact or a plain natural invitation. Must reuse at least 20% of key words from captions (names, nicknames, distinctive terms). Title is English (lowercase). Title: "forsaken r34". Use "to" instead of "in order to". Must not use certain forbidden words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Must be plain text, no markdown, no lists, no quotes. No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Use "because" instead of "due to the fact that". No forced groups of exactly three items. So description in English.

We need to reuse at least 20% of key words from captions. Let's count distinct key words maybe about 20? From captions we see many terms: forsaken, roblox, 1x1x1x1, noob, robloxian, elliot, two time, chance, 007n7, 2boys, mafioso, dream game, shedletsky, lugiafan325, azure, guest 666, john doe, etc. We need to reuse at least 20% of key words. Identify key words: names, nicknames, distinctive terms. 20% of them = at least 4 key words reused. Also "forsaken (roblox)" appears many times. So we need to include at least 4 distinct key terms from the captions.

We need to produce 60-90 words description. Avoid using "showcase", "crucial", etc. Must not use em or en dashes. Also avoid "delve". Must not use forbidden words. Use commas or split sentences.

We must not use "not only X but Y". Avoid forced groups of exactly three items. So we should not list three items in a row like "A, B, and C"? Safer to avoid any list of exactly three items. " Means we should avoid listing exactly three items in a group? Probably safer to avoid any enumerated list with exactly three items. Could have two or more than three? That might be considered a forced group of exactly three items? We'll just not do lists.

We must end with a natural invitation to view the full gallery via the link above. So final sentence like "See the full gallery above." Or "View the full gallery via the link above." Must be plain text, no quotes.

We must not use "it is important to note". Avoid sales language. So just plain.

We need to ensure each claim is supported by provided captions. " That uses forsaken, roblox, elliot, chance, two time (these are key terms). Must ensure claim is supported: captions mention forsaken (roblox), elliot (forsaken), chance (forsaken), two time (forsaken). Good.

We need to reuse at least 20% of key words. We used forsaken, roblox, elliot, chance, two time = 5 distinct key words. Good.

We need to keep within 60-90 words. Let's craft about 70 words.

We must avoid forbidden words: "showcase", "crucial", etc. Also avoid "additionally". The phrase "forced groups of exactly three items" likely means we should not produce a list with exactly three items. We'll avoid listing three

items; we can list two or more than three but not exactly three? Avoid "delve". Avoid forced groups of exactly three items. Avoid "not only X but Y". Avoid "testament". Avoid "serves as". Avoid "At its core". Avoid "pivotal". Avoid "unforgettable". Safer to avoid any list with exactly three items. So we must not have exactly three items in a list. Avoid "tapestry". Avoid "nestled". Avoid "vibrant". Avoid "furthermore". Avoid "breathtaking". Avoid "boasts". Avoid "moreover". Avoid "landscape". Avoid "it is important to note". We'll just not use lists at all.

" That's a list of three items (elliot, chance, and two time) - that is exactly three items. That's four items (elliot, chance, two time, other figures). Or we could phrase without listing: "featuring elliot, chance and two time" still three. Use "featuring elliot, chance, two time and other figures". Safer: "featuring elliot, chance, two time and additional characters". Might be considered a forced group of exactly three items. Let's avoid listing exactly three. Might be okay. Better to avoid that. We could say "elliot, chance, two time and others" which is four items. But "other figures" is generic; still count? That's four distinct named items plus a generic.

But we need to be careful not to inadvertently create a list of exactly three items anywhere. We'll avoid any enumerations with exactly three items. We'll use sentences with two items or more than three.
