Wallpaper 1080x2340, Background pics, Background pictures.

About This Collection

We need to produce a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. We need to reuse at least 20% of key words. The captions include many terms like "Wallpaper

1080x2340", "Background pics", "iPhone 4k HDR Wallpapers", "Sunset behind a Large Bridge", "Ocean at Night", "Mountain aesthetic", etc. Wait: The captions appear to be about wallpapers, not adult. " So we need to produce an adult photo gallery description, but we must use at least 20% of key words from captions (names, nicknames, distinctive terms), translating rest as needed. The captions have many words; we need to select some of them and incorporate them.

We need to produce description in same language as the title. Title is "1080x2340 wallpaper". That's English. So description must be English.

Constraints: No markdown, no lists, no quotes. No "not only X but Y". No AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Use "because" instead of "due to the fact that". No "At its core". No emojis, no curly quotes, no markdown, no bold text. Use "to" instead of "in order to". No generic positive endings; end on a concrete fact or a plain natural invitation. Also no em or en dashes; we can use commas. No forced groups of exactly three items. Vary sentence length naturally, state things directly, keep every claim supported by the provided captions.

We need to produce 60-90 words. Let's aim ~70 words.

We must reuse at least 20% of key words from captions. Let's identify key words: "Wallpaper", "1080x2340", "Background", "iPhone", "4k", "HDR", "Sunset", "Large Bridge", "Ocean", "Night", "Mountain", "abstract", "red", "Galaxy", "Amoled", etc. We'll include many: "Wallpaper 1080x2340", "Background pics", "iPhone 4k HDR", "Sunset behind a Large Bridge", "Ocean at Night", "Mountain aesthetic". 20% of that is 4 words. We need to reuse at least 20% of them. So we need to include at least 4 key words from captions. Suppose we count distinct key words maybe 20? Use them naturally.

We must not use "landscape" (AI-flag word). Yes, "landscape" is prohibited. Also "showcase" prohibited. Actually "landscape" is in the list of AI-flag words! "crucial", "pivotal" prohibited. So we cannot use the word "landscape". Must avoid it. We'll avoid.

We must not use em or en dashes. Use commas.

We must not use "not only X but Y". Avoid.

We must not use generic positive endings; end on a concrete fact or plain natural invitation. " That is a plain natural invitation. That's allowed.

We must not use inflated importance, no sales language. So keep tone neutral.

Now produce paragraph 60-90 words.

Let's craft ~78 words.
