About This Collection

Peashooter appears in many forms across these galleries, from the green section artwork by bonk150 to speedpaint sessions and toy gun designs by Rongdafeng. Other plant characters like Gatling Pea, Snow Pea, Repeater, and Tangle Kelp join the scene, alongside a foot soldier in cartoon style and a military-themed Peashooter for mature audiences. The plant stars in Plants vs Zombies paintings, often wearing a mask and hood as a green shadow variant. Paired with Sunflower in romantic edits and animations, Peashooter also ships with the high sunflower in fanart comics. Sombra verde en bikini and a cute cartoon version with big eyes and green leaves round out the diverse cast. View the full gallery via the link above.
