About This Collection

Sharpy is a prototype house assistant robot, and she has been lonely these days. Your new robot girl has arrived, so what is the first thing you are doing with her? Sharpy V2 is the new version of the robot girl, a rabbit animatronic fembot with voice over from gingersid. Expect the unexpected: comic panels, character chat, a beach trip, plus roleplay and a figure with black hair and horns. Non-human, cute, and made for smut. View the full gallery via the link above.
