About This Collection

Shinobu and Douma's rule 34 gallery is a raw, unfiltered plunge into every taboo. Every pose and expression is laid bare. The demon slayer heroine is captured completely nude or half-clad in her haori, often bound at the wrists, blushing as the demon boy takes her from behind—doggy style, missionary, or locked in a french kiss. Butterfly hair ornaments, long hair, and breast-heavy action fill these comics and sketches, from tender embraces to brutal bad ends, breeding, and impregnation with cum inside.
