About This Collection

A fluid transformation sequence takes center stage as Ben Tennyson sheds his familiar form, shifting between Heatblast, Diamondhead, Fourarms, Tetramand, XLR8 and Ghostfreak through the Chaquetrix device. Watch

the shapeshifter morph, mutate and tease in every frame of this cursed, gender bending fantasy. Each metamorphosis brings fresh curves, new proportions and plenty of exposed skin, rendered in colorful animation across multiple episodes of the PK2 series. See the complete Chaquetrix transformation animation gallery through the link above.
