About This Collection

Banedearg reimagines iconic figures through bold transformation. These are not simple imitations but deliberate evolutions, where familiar heroes embrace exaggerated femininity. Each bimbo version wears her power differently, turning strength into seduction. Android 18 adapts to new curves, her sleek frame reshaped by bimbofication. The process expands more than just silicone, stretching confidence alongside breast expansion and ass expansion. The gallery captures every step of this metamorphosis, from subtle shifts to dramatic reveals. View the full gallery through the link above.
