About This Collection

1. Analyze the Request:

Goal: Write a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions.

Source Material: Scrambled captions about MOS exam prep books/guides.

Format: One coherent, engaging paragraph. Tease models, setting, and action without listing captions mechanically.

Constraint 1 (Word reuse): Naturally reuse at least 20% of the key words from the captions (names, nicknames, distinctive terms). Translate the rest as needed.

Constraint 2 (Ending): End with a natural invitation to view the full gallery via the link above.

Constraint 3 (Language): Plain text only, no markdown, no lists, no quotes. Answer in the same language as the input (Japanese).

Constraint 4 (Forbidden words): delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". (Wait, these are English words, but the prompt says "Never use AI-flag words" - I should just avoid them entirely, even if translated, or just ensure they aren't used). Let's list the forbidden concepts: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, it is important to note, serves as, boasts.

Constraint 5 (Punctuation): Never use em or en dashes; split the sentence or use a comma. No "At its core". No "not only X but Y" constructions. No forced groups of exactly three items. Use "to" instead of "in order to"; use "because" instead of "due to the fact that".

Constraint 6 (Tone): No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". No generic positive endings; end on a concrete fact or a plain natural invitation.

Constraint 7 (Style): Vary sentence length naturally, state things directly, keep every claim supported by the provided captions.
