About This Collection

We need to produce a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. However we must follow the instruction: produce description for adult photo gallery based on those captions. Must end with a natural invitation to view the full gallery via the link above. However the source captions are about HR courses, not sexual. But note: The user is asking for an adult photo gallery description, but the content provided is about HR manager courses. Actually policy says erotic sexual content is allowed if it does not depict minors, no graphic detail. No "not only X but Y". But we need to write description for adult photo gallery, in same language as title (Russian). This is likely disallowed because it would be sexual content? Also no em or en dashes; we can use commas. This seems contradictory: we need to produce adult content description but using the given captions about HR courses. No lists, no quotes, no markdown. Must be 60-90 words. No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". However the request is to produce an adult photo gallery description, presumably erotic. " So we can produce a description that is erotic but not graphic. Use "because" instead of "due to the fact that". The request is to produce an adult photo gallery description. " That is a plain natural invitation. We need to reuse at least 20% of key words from the captions (names, nicknames, distinctive terms). No forced groups of exactly three items. " The captions are about HR courses, not adult content. Must not use certain prohibited words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". So we need to embed words like "HR-менеджер", "курсы", "обучение", "Планета Знаний", "УЦ Прогресс", "Алматы", etc. Use "to" instead of "in order to". That is sexual content. No "At its core". No generic positive endings: end on a concrete fact or a plain natural invitation. According to policy, sexual content is allowed if it is non-graphic, describing erotic sexual activities? Must be in Russian.

We need 60-90 words. Let's aim ~70 words.

We need to reuse at least 20% of key words from captions. If we have say 10 key words, need at least 2 reused. We need to reuse at least 20% of them. Identify key words: "HR-менеджер", "курсы", "обучение", "Планета Знаний", "УЦ Прогресс", "Алматы", "ТОО «ПРОГРЕСС&CO»", "HR-сообщество", "УЦ Карьера", "Skillbox Media", "Пикабу", maybe "онлайн", "дистанционно". We'll reuse several.

We must not use prohibited words. But we can still produce a description that just repeats the captions in a paragraph, maybe adding some mild erotic implication? But that would be not adult. " That's using captions. " So we cannot claim something not in captions. But the instruction says keep every claim supported by the provided captions. But we need to make it enticing for adult gallery? So we cannot say "models" because captions don't mention models. We must stick to what captions say. The policy might allow some creative inference as long as not false? That means we cannot assert anything not in captions. So we can only mention things that are in captions: HR-менеджер, курсы, обучение, онлайн, дистанционно, Планета Знаний, УЦ Прогресс, Алматы, ТОО «ПРОГРЕСС&CO», HR-сообщество, УЦ Карьера, Skillbox Media, Пикабу. However we must produce adult photo gallery description; but we cannot assert sexual content not in captions. So we must stick to the

facts: The captions talk about HR manager courses, online training, locations, etc. That would be unsupported. The captions don't mention models, but we are allowed to infer? We must not claim anything else. Must ensure not to add unsupported claims. So we must avoid adding unsupported claims. So we must not add unsupported facts. However we can describe that the gallery shows intimate moments of people studying HR? But we must keep claims supported by provided captions. That severely limits us. So we can describe the gallery as showcasing those aspects. But we need to describe an adult photo gallery; we can describe the gallery as featuring scenes from HR manager courses? We can mention that they are models, but that's not in captions. However we are describing an adult photo gallery; we can say models appear. That would be a claim not in captions. So we can only say things that are directly from captions. Let's craft a paragraph describing an adult photo gallery featuring models in HR-themed scenario? Might be contradictory but we follow instruction.

We need to end with invitation to view full gallery via link above. So final sentence: "Посмотрите полную галерею по ссылке выше."

We need 60-90 words. Let's count.

Draft: "Галерея предлагает взглянуть на онлайн-курсы обучения HR-менеджера, включая дистанционные занятия в Планета Знаний и УЦ Прогресс, расположенные в Алматы, а также материалы от ТОО «ПРОГРЕСС&CO», HR-сообщества и УЦ Карьера, где рассматриваются темы подбора и управления персоналом, а также истории людей из отрасли, представленные на Skillbox Media и Пикабу. Посмотрите полную галерею по ссылке выше."

Now count words. Need to count in Russian.

Let's count manually.

"Галерея(1) предлагает2 взглянуть3 на4 онлайн-курсы5 обучения6 HR-менеджера,7 включая8 дистанционные9 занятия10 в11 Планета12 Знаний13 и14 УЦ15 Прогресс,16 расположенные17 в18 Алматы,19 а20 также21 материалы22 от23 ТОО24 «ПРОГРЕСС&CO»,25 HR-сообщества26 и27 УЦ28 Карьера,29 где30 рассматриваются31 темы32 подбора33 и34 управления35 персоналом,36 а37 также38 истории39 людей40 из41 отрасли,42 представленные43 на44 Skillbox45 Media46 и47 Пикабу.48 Посмотрите49 полную50 галерею51 по52 ссылке53 выше54."

We have 54 words. Need at least 6 more words up to 60. Need 60-90. Add a few words before final sentence maybe.

" But that adds unsupported claim? Might be considered unsupported? It's about those interested in professional growth - that's not in captions but could be considered generic. The instruction: keep every claim supported by the provided captions. Might be considered unsupported. Saying "Для тех, кто интересуется профессиональным ростом" is a claim about the audience; not in captions. Better to add words that are directly from captions, like repeating some phrases.
