About This Collection

König and Horangi—Kim Hongjin to those who know his file—trade their Call of Duty gear for something far more primal. Under this gallery's title, expect an intense, commanding encounter: one soldier pinned against the wall, pressure building from foreplay into raw, imminent anal. It's a gay, Rule 34-fueled collision that turns Modern Warfare's grit into pure domination, all skin and sweat. See the full rage, and the rest of Horangi's action, via the link above.
