About This Collection

The gallery titled the coffin of andy and leyley r34 gathers 2d fan art of Ashley Graves and Andrew Graves from the game The Coffin of Andy and Leyley. Viewers who got here from /v/ and shit will recognize the tone. The theme returns to winter sleep, and the phrase but if we leave quietly, there'd be no need for anyone to look for us echoes through. Citrustears and Cornavon84 are among the artists. Some images show her clothed, others more explicit, including a blowjob. Black hair frames Ashley in several scenes, and the tagme style keeps the focus on her. Click the link above to view the full gallery.
