About This Collection

Sasha, the anthro shark OC drawn by sashashark and zp92, shows up barefoot with soles and toes held to the camera, foot fetish framing kept as the focus. Malachi shares the frame, and fan takes from Alicede Shark, Alphness and Vexdemon fill out the rest. Elsewhere she moves to a beach in a bikini, where bigger female and goddess growth push things into macro range, with hyper breasts, claws, tail and rubbing. See the full gallery through the link above.
