About This Collection

Anya and a MI-24 Hind appear in a gritty, rule 34 inspired scene where blood stains the mouth and bone fragments litter a dead body, while a gerand tank draws its own erotic sketch. The action mixes giant non-human robot forms with anthro characters, a female military figure in panties and a pussy, and a French light tank AMX-13 turned into a sex machina. Chat with Ratbat’s T72AB giant robot and explore the NSFW AI content. Check the link above for the full gallery.
