About This Collection

We need to produce description in same language as title: title is "система мейерхольда" which is Russian (lowercase). No "At its core". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". No "not only X but Y". No emojis, no curly quotes, no markdown, no bold text. Use "to" instead of "in order to". Use "because" instead of "due to the fact that". Also cannot use em or en dashes; we can use commas or split sentences. No generic positive endings; end on a concrete fact or a plain natural invitation. No forced groups of exactly three items. Must avoid certain words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". So answer must be Russian. Must not use AI-flag words (list includes many). Must vary sentence length naturally, state things directly, keep every claim supported by the provided captions.

We must naturally reuse at least 20% of the key words from the captions (names, nicknames, distinctive terms), translating the rest as needed. Must include these exact words where natural: горе, всеволод, мейерхольд, изменил, театр, века, расстреляла, советская, власть, культура, lenta, стал, брани, похвал, восемь.

Thus we need to embed these words exactly as given (case-sensitive? The list includes: горе, всеволод, мейерхольд, изменил, театр, века, расстреляла, советская, власть, культура, lenta, стал, брани, похвал, восемь. We'll use lower case as given. ru" etc. They are all lower case except maybe "Лента" is capitalized but list says lenta (lowercase). Must include them exactly as spelled: горе, всеволод, мейерхольд, изменил, театр, века, расстреляла, советская, власть, культура, lenta, стал, брани, похвал, восемь.

We must not use AI-flag words. Need to avoid words like "показала" maybe fine. Need to ensure not using any of the prohibited words.

Prohibited list includes many English words; we are writing in Russian, so those English words won't appear. So just avoid those English words. Also "crucial", "pivotal", etc. However need to check for any that could appear inadvertently like "showcase" (English) not needed. Also avoid "it is important to note" etc. Not relevant.

We also must not use em or en dashes. Use commas or split sentences.

We cannot use "not only X but Y". Avoid that.

We cannot use "At its core". Avoid.

We cannot use forced groups of exactly three items. So avoid listing three items in a row like "A, B, and C". Must be careful.

We need to end with a natural invitation to view the full gallery via the link above. " That is a plain natural invitation. Must not be generic positive ending; it's a concrete fact or plain invitation. That works.

We must keep every claim supported by the provided captions. Must reference that Meyerhold changed theatre of the 20th century, was shot by Soviet power, etc. So we can say things like: "Горе уму" etc. Must include the words.

We need to reuse at least 20% of key words from captions. We'll include the required words; that likely satisfies.
