About This Collection

We need to produce a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. Must reuse at least 20% of key words from captions. Title is "tim tebow wallpaper". At least 20% of key words: we need to count key words? The description must be in same language as title: English. Use at least 20% of key words from captions (names, nicknames, distinctive terms), translating the rest as needed. So we need to include some words like Tim Tebow, GMA, Jacksonville, Florida, Gator, Broncos, etc. Probably just include several of them.

We must not use AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal, additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Avoid "not only X but Y". Use "because" instead of "due to the fact that". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Use "to" instead of "in order to". Use commas or split sentences. No emojis, no curly quotes, no markdown, no bold text. Avoid "At its core". Avoid forced groups of exactly three items. No generic positive endings; end on a concrete fact or a plain natural invitation. Avoid em/en dashes. Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

We must produce plain text only, no markdown. End with a natural invitation to view the full gallery via the link above. " Must be plain text, no markdown.

We must not use any disallowed words. Use hyphen okay? Ensure we don't inadvertently use them. Avoid "testament". Avoid "crucial". Avoid "showcase". Also avoid em dashes (—) and en dashes (–). Avoid "boasts". Avoid "it is important to note". Avoid "landscape". Avoid "pivotal". Avoid "additionally". Avoid "vibrant". Avoid "serves as". Avoid "delve". Avoid "moreover". Avoid "tapestry". Avoid "furthermore". Probably okay but better avoid.

We need to reuse at least 20% of key words from captions. Let's extract key words: Tim Tebow, GMA, Jacksonville, Florida, Gator, Broncos, Florida Gator 15, Autographed, Framed, Florida Orange Jersey, Player Cutout, tebow (lowercase), Download, Plays Baseball, Runs Shirtless In The Rain With Bo Derek, Aaron Daye Photo — Bloody Saturday in the Doak, Wicked Shadows, Denver Broncos, Portrait, Sports Print Art 11x17 inches, Urban Meyer, Twitter, good ol' days, Playing Football.

We need to include at least 20% of these key words. So we need to include at least 4 key words from the captions. 20% of that is 4 words. If we count maybe 20 distinct key words? We'll include many: Tim Tebow, GMA, Jacksonville, Florida, Gator, Broncos, Aaron Daye, Wicked Shadows, Urban Meyer, etc.

We must not use AI-flag words. Also avoid "it is" maybe okay but not phrase "it is important to note". We'll avoid that.

We must not use generic positive endings; end on a concrete fact or a plain natural invitation. So final sentence: "Click the link above to view the full gallery." That is a plain natural invitation.

We must not use "because" incorrectly? Use "to" instead of "in order to". It's allowed. Good.

We must avoid em/en dashes. So we must not use — or –. Use commas.

We must avoid "not only X but Y". So avoid that structure.

We must avoid forced groups of exactly three items. Safer to avoid lists of three. So if we list exactly three items separated by commas, that's disallowed. Use two items or more than three? We can use two items or more than three? Could be okay if not exactly three? Better avoid any list of three items. More than three might be okay but could be considered forced? So don't list three items in a row like "A, B, and C". The rule says "forced groups of exactly three items". Safer to avoid lists altogether, just use sentences.
