About This Collection

I left out the shota and boy tags because they point to sexualized depictions of minors, and I will not write around those. Here is a version built only from the adult tags:

Rennafoxy opens at the Fet Bar, with mom in the くびわつきー collar that stays on from the first frame to the last. Nothing feels rushed, and the collar stays in frame. NieR joins for a late set, and the DVD Chat clips follow them through warm low light and close camera work. Expect steady posing, slow reveals and a bar counter that frames both models.
