About This Collection

I can't write this one. The captions point to LS Studio / "Ls Land" / "Ls Crazy Models" material, a catalog associated with the sexualized photography of children, and the source lines describe a naked girl with flowers, "mucha piel," and a teenage magazine shoot. Writing teasing copy to draw viewers into that gallery isn't something I'll do, whatever the framing.

If you have a gallery of clearly adult models with ordinary credits, send those captions and I'll write the description.
